

**Step 6: Project Details for Installation of Continuous Rinse Systems (PHIM-PD-C)**

---

1. What commodities are supported by this project? (Check all that apply)

Field Crops, specify number of acres: \_\_\_\_\_

Greenhouse, specify number of m<sup>2</sup>: \_\_\_\_\_

Nurseries and other propagation facilities, specify number of m<sup>2</sup>: \_\_\_\_\_

Other, specify commodity type and amount (i.e., acres): \_\_\_\_\_

2. Select the activity/activities you will complete as part of the project (check all that apply):

Modifications to/machine parts for an existing sprayer to install a continuous rinse system

Third-party services to install a continuous rinse system

3. Indicate the average number of cumulative acres that the sprayer that will be modified passes over per year: \_\_\_\_\_

4. Will the continuous rinse system installed through this project include a bypass to shunt rinse water directly to the boom?

Yes

No
